

Home care when it matters most

Compassus has partnered with SYNERGY HomeCare to provide our patients with a seamless continuum of care. United, we provide all of your medical and non-medical care needs in the comfort and safety of your home. We care with whole hearts and open arms, to keep life moving forward in the best ways possible.

A PERSONALIZED PLAN OF CARE

Home care services can be tailored to meet diverse needs, from a few hours of care per month to 24-hour care. Because every person has a unique situation, a personalized plan of care is created for comfort, peace of mind and well-being. The most requested in-home care services include assisting with errands and transportation to appointments, meal preparation, light housekeeping, dressing, bathing, and companionship.
